Challenge 5000!

Can you help?

5000 Sheffields with their Name on a Knife Blade

Throughout September

We have just launched our interactive digital knife archive. We have digitised the history and images of 1000 Sheffield knife makers and for the first time you can access this from your computer or smart phone.

We want to link with Sheffield families whose surnames appear on our knives in the Hawley Collection or whose ancestors worked for the companies that made them.

TO HELP US REACH OUR TARGET OF 5000 VISIT

**AND CHECK IF YOUR SURNAME APPEARS ON A KNIFE
BLADE**

If you have any information or memorabilia about a Sheffield knife manufacturer, we would love to hear from you: enquiries@hawleytoolcollection.com
